Before COVID-19 hit South-eastern Michigan, 44 percent of households in our region already struggled to meet their basic needs like food, housing and health care.

Now, the problem has grown.

With your support, we’re helping homeless shelters and child care facilities stay open, providing children with technology and resources to learn, and supporting families so they can stay in their homes and keep their lights on.

Stand United with us and help build A BETTER FUTURE FOR SOUTHEASTERN MICHIGAN.
