FREEBIE!
Letter Discrimination
b, d, p, & q

Created by Karen Pritchett 2014
If you like this letter discrimination freebie, please check out my complete set to create a center you can use all year!

As a center

To set up paper/ink friendly centers that last all year, you just need:
* Page protectors
* Three ring binders
* Clear bingo chips
* Small plastic containers

As a worksheet

Print a new sheet each month for August – June. I also included a sheet for each season to supplement monthly practice.

Encourage your students to work methodically by searching left to right for one letter at a time.

I also tucked in a little math vocabulary to help with most/least.

You can sneak in even more math with the optional graphing sheets that can be used with any page.
