

PRESENTED BY  STELLANTIS

PEER-TO-PEER FUNDRAISING: USING ONECAUSE

GET STARTED

OneCause allows Run United participants to raise donations, complete activities and recruit others to participate. Log in and hover over your name to see options to edit your profile, view your fundraising page and manage your page, including the option to add personal messages.

MANAGE YOUR PAGE

By selecting Manage Your Page, you may select:

Options include:

- Dashboard: View statistics (Donations, page views, etc.).
- Manage your team (Team Captains Only): Edit team page and email teammates.
- Set up your page: Update your reason for participating, add a personal message and set a fundraising goal.
- Complete Activities: Track your miles, post a photo or participate in a weekly challenge. Please note that activities are only available during the virtual marathon.
- Invite friends to join you: Recruit others to participate in Run United. Invitations can be sent via email, text or social media. You can also share your personal fundraising page with others and tell them to select "Join My Team" to sign up!

FUNDRAISING

Fundraising through OneCause is easy – simply share the URL from your personal page with your network. Your supporters can select "Donate" and complete a contribution amount of their choice.

OneCause has a minimum contribution of \$5. If supporters would like to contribute in smaller amounts, consider accepting cash and/or other digital payments and make a corresponding contribution to your own page.

Along the left side of your personal page, icons for social media sites are also available for easy posting. Consider using the Run United Toolkit for social media tips and templates.
